

Richard Wagner

Sämtliche Briefe

The Complete Edition for Subscription

With the publications of Volume 10 and 11 in 1999 and 2000, Werner Breig's fundamentally new scholarly concept of Richard Wagner's complete letters begins to make itself felt more strongly. The meticulously annotated volumes are illustrated with facsimiles and little known photos. Further enhancing the value of this edition are a number of letters, which were hitherto practically unavailable and are published here for the first time. The commentaries are based on many previously unpublished documents.
